

Completed Project

Kelso High School *Scottish Borders Council*

The new Kelso High School was delivered by Hub South East for Scottish Borders Council.

The 780 pupil high school includes:

- 3G sports pitch and 2G hockey pitch
- grass playing fields
- 100 metre sprint track
- long jump pit
- netball court
- eco-garden pond
- space for an orchard and allotment
- outdoor classroom
- arts and craft garden

A new library and gym is also part of the facilities on offer.

The facilities are incredible and everyone's in such an excited mood about it.... There's such a good vibe about the new school.

Hub South East

Project Value

£20.2m

Project Type

Design, Build,
Finance & Maintain

Main Contractor

Morrison
Construction

Architect

Cooper Cromar

COMMUNITY BENEFITS

Throughout the project we delivered a range of community benefits to ensure maximum local gain in the Scottish Borders and across the country. Some key stats are outlined to the right. The image to the right was taken at a cheque handover by our contractor to local group Kelso in Bloom.

The new high school will transform education in Kelso and will provide much improved facilities not only for pupils but importantly for the whole community.

The previous high school had served the town well since 1939 but there is no doubt the new facility will provide additional benefits.
